BABY SCALEBS1015C
BS1020C

MS3500

- Dynamic weighing function, ideal for restless babies.
- Hygienic tray, very easy to clean.
- Anti-slip positioning of the tray and platform, with rubber feet.
- Its ergonomic shapes guarantee the comfort of the baby in the tray.
- The function of data retention (**Hold**) maintains the value of the weight on the screen at the touch of a key.
- Removable tray enables use as a scale for children.
